display a Countdown Timer on the top, Bottom position of your site

Install

Then you click **Configure** button to use the module:

Start to use module?

Go to **Modules Manager**, click **Configure** to use module, the layout of module will like this:

The configuration interface for the 'Fancy Countdown Timer Bar' module. It includes a rich text editor for 'Your message' with a language dropdown set to 'en'. Below are color pickers for 'Color font your message' (set to FFFFFFFF) and 'Background Color' (set to FF0000). There are also color pickers for 'Color Font click here' (set to FFFFFFFF) and a 'Text button' field (set to 'Click Here'). Time-related settings include 'Days', 'Hours', 'Minutes', and 'Seconds' (all with language dropdowns), and an 'Expire time' section with 'Hours' (0:00) and 'Minutes' (0) dropdowns. A 'URL Click' field with a language dropdown is also present. At the bottom, there is a 'Timebar Countdown Display' toggle set to 'Top'. A blue 'Save' button is located in the bottom right corner.
