Why use Prestashop Christmas Effects Module on your store?

Special occasion such as Birthday, Christmas or New Year comes yearly but is still precious opportunity for you to make a longer list of customers. If you have already had a smart strategy to offer free gifts, promotion programs or something like that, do you think you need a little more effort to make it even better**? Prestashop Christmas Effects Module** will help you perfect your first impression to your customers. Now, your dream store with snowflakes falling on Christmas Eve, colorful fireworks on New Year Event or shimmering candle lights on Birthday becomes real. You can customize this module for any holiday like Birthday, New Year, Valentine...

How to it works?

- My module will be hook to Prestashop for 5 effects: header, footer, santa claus, snow fall, holiday icon (see it at bottom-left), you can review demo for my screen at below. All our effects are dynamic effect, you can see full demo with my link at http://buy-addons.com/demo/prestashop_christmas_effects

Backoffice features
